## D. Selection of Categories

- A. Please carefully consider the following options and check the ones according to your inclination and financial viability. There are three different cultural exchange programmes– two for SEISA Japan, and one for Wheaton USA. For the latter two programmes, there are three possible funding options. You can choose to apply for all the programmes and categories or just one/few (whichever is preferable). Please select "Yes" only if you can go under all the conditions, or you can select "yes" just for those conditions which are financially possible for you.
- B. Please note that for any of the options, there are some financial costs that you must bear. A partially-funded program would require you to bear visa fees (SEVIS fee for USA), 50% airfare, hotel expenditure, and other personal expenditure, whereas, self-funded would require you to pay all the above yourself. You must submit a written agreement to pay the costs associated with any of the categories you checked "yes" to in Section D (*please refer to the Consent Letter on the RTC intranet*). This agreement should be signed by the person (parent/guardian) responsible for these costs.
